

Assignment -3

Bucket And Watson assistant

Assignment Date	26 October 2022
Student Name	SHESHATHRI V M
Project ID	PN2022TMID03714
Maximum Marks	2 Marks

Questions:

1.Create a Bucket in IBM object storage.

2.Upload an 5 images to ibm object storage and make it public. write html code to displaying all the 5 images.

Index.html

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Fashion shop </title>
  <style>
body {
    background-color: aqua;
display: flex;          align-items:
center;                justify-content:
center;                flex-direction:
column;
```

```
    }
    img {
height: 240px;
border-radius: 10px;
margin: 10px;

    }
  </style>
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    
    
  </div>

</body>
</html>
```

3.Upload a css page to the object storage and use the same page in your HTML code.

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
<title>Smart Fashion shop </title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-
objectstorage.appdomain.cloud/style.css">
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    
```

```

        
    </div>

</body>
</html>

```

Output:-

4.Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Url :- [chatbot link](#) <- click

Image-

5 .Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant interface for a service named "SHOPPING BOT by...". The left sidebar displays the "Conversation steps" for a topic named "Dress". The steps are:

- Step 1: "Are You Looking Dress for ???". It has two conditions: "Male" and "Female". The action is "Continue to next step".
- Step 2: "Welcome Mam You look gorgeous today 😊!! What are you looking for ??". It has two conditions: "Saree" and "Churidar". The action is "Continue to next step".
- Step 3: "Welcome Sir, you Look Smart Today, what type of dress you need??". It has one condition: "Male". The action is "Continue to next step".

The right pane shows the "Customer starts with:" section, which includes instructions on how to enter phrases and a text input field labeled "Enter a phrase". Below this is a list of phrases, with "Dress" currently selected. A "Preview" button is located at the bottom right.

The screenshot shows the IBM Watson Assistant interface for the same "SHOPPING BOT by..." service. The left sidebar displays the "Conversation steps" for the "Dress" topic, with Step 5 highlighted. The steps are:

- Step 2: "2 == Saree". It has one condition: "Saree". The action is "Continue to next step".
- Step 4: "This step has media content". It has one condition: "Confirmation". The action is "Continue to next step".
- Step 5: "2 == Churidar". It has one condition: "Churidar". The action is "Continue to next step".
- Step 3: "3 == Shirts". It has one condition: "Shirts". The action is "Continue to next step".
- Step 6: "This step has media content". It has one condition: "Confirmation". The action is "Continue to next step".

The right pane shows the configuration for Step 5. It is titled "Step 5 is taken" and has a dropdown menu set to "with conditions". Below this is the "Conditions" section, which shows a single condition: "If All of this is true: 2. Welcome M... is Churidar". There is an "Add condition +" button. Below the conditions is the "Assistant says" section, which contains a text input field with the text: "This saree is beautiful for you Mam 😊!! If you like to buy?". A "Preview" button is located at the bottom right.

Wellcome To SUNDARI SHOPPING !!!
